Every once in so often the postmaster or the chief of police, sometimes the mayor, receives an inquiry as to the whereabouts of somebody. A year or two hefore they had lived near the city of Wheeling. In the fall of 1875 Mrs. Nancy Sipe took sick and died of typhoid fever. Rosettie, the youngest of the three children, was then seven months of age. Her father, Noah Sipe, gave her to me and my wife, because we had no children. In the summer following I left there and went to Black Hawk, Colorado, with my wife and little Rosettie. We got one letter from Noah Sipe after we came to Colorade. Since that we never head from him, nor from Sipe after we came to Colorado. Since that we never heard from him, nor from his two other daughters. Burglars About.

There seems to be a number of burglars in the city. Yesterday Phil Kochert reported to the police that the night before a man climbed on the roof of a porch back of his saloon and was trying to effect an entrance to the house by a window in the second story, when he was seen and frightened away. This is the fourth or fifth similar case reported within a week or so. within a week or so.

Miss Lettie Huntley,

Is the sister of Mr. W. S. Huntley, of Cortland, N. Y., a well known car-penter and builder. Her frank statement below gives only the absolute truth concerning her illness and mar-velous recovery by the aid of Hood's Sarsaparilla. She says:

case as was given the reporter for particularity.

"My life was a great burden to me when I called on Drs. Copeland & Bella a few months ago, and through their skillful and scientific treatment joy and pleasure now stare me in the face, day in and day out, all through the vocations of my life."

The speaker was Mr. William Ross, of No. 2021 Jacob street, an apprentice with F. E. Ziegler, the practical plumber, of 3/4 Thirty-third street. "My trouble began about fifteen years ago," continued Mr. Rose. "I was only four years old at the time I contracted a very server cold. My nose began to stop up on one side and then the other; dropping of mucous from my head into my throat, causing me to hawk and spit a great deal—throat raw and sore at times, with head-aches and a sort of thumping in my head most of the time.

my throat, causing me to hawk and spit a great deal—throat raw and sore at times, with head-aches and a sort of thumping in my head most of the time.

"I had very severe coughing spells overy winter, raising a thick tenacious mucous. Pains through my chest, with shortness and heaviness of breathing. Appetite almost lost and what little I did eat disagreed with my stomach; bowels became very costive. I grew very weak at times and felt hardly able to drag around; sharp, shooting pains through my back, and always had a tired feeling. Red spots would appear before my eves, with dizatness so bad I would often fall to the ground; sleep broken, and would arlve in the morning feeling more tired and languid than when I went to bed. I had spent sums of money with other doctors and taken many different kinds of patent medicines for catarrh without benefit.

"I hereby testify that I now feel like a new man; can eata good, square meal with pleasure; I sleep well, and it refreshes me; can do a good day's work with ease and pleasure. I now weigh heavier than I ever did in my life. Pains to the wonderful skill of Drs. Corpelanto & Beta whom I take pleasure in recommending to all suffering humanity to give them a trial and be convineed."

The above can be easily verified by calling on Mr. Rose at 321 Jacob street.

WHEELING NATURAL GAS CO. Good Prospects at the Annual Meeting of Stockholders in This City Yesterday.

The Wheeling Natural Gas company held its annual meeting yesterday at its office, 1425 Chapline street, and elected the following board of directors to serve for the ensuing year: William Flinn, James M. Guffey, R. C. Elliott, C. L. Magee, Edwin Bindley, John N. Neeb, A. F. Keating, Henry Fisher, John J. Fisher, O. H. Strong and Vincent Stevens. The three last named members were elected in place of T. H. Given, Jeremiah Miller and Joseph W. Craig members of last year's hourd.

The receipts from sale of gas and oil aggregated \$201,716 75. The plant now consists of 153 miles of pipe, 21 producing gas wells and seven producing oil wells, with eight wells drilling for oil and three drilling for gas in the company's new gas field. The company is sanguine of having a good supply of gas for next winter, but only at considerable outlay in the shifting of lines and drilling of new wells.

A STORMY DAY.

The Heaviest Rainfall for a Year or More Yesterday.

Yesterday morning early heavy rain fell, but the air continued sultry all day. There was never a more typical April day. In the forenoon the hardest shower fell which has been experienced here for over a year. It was one of those "old-timers," which flooded the sewers "old-timers," which flooded the sewers beyond their capacity, making little lakes at many street intersections, and carried yellow mud and other debris from the hill streets down upon the levelones. In the afternoon the sun came out bright, but about 3 o'clock the sky darkened ominously, the clouds having the gray appearance which sometimes precedes a hail storm. There was no hail fell, but another drenching, driving rain storm did set in and lasted for a half hour. Again last night about 10 ing rain storm did set in and fasted for a half hour. Again last night about 10 o'clock a fierce rain began and continued till about midnight, accompanied, like the forenoon shower, by vivid lightning and terrific thunder. In all probability as much rain fell as ever in one day in this section.

The rain washed the brick pavements off nicely, and freshened the air, though it did not cool it perceptibly.

They make awnings, tents and tarpaulins, and are jobbers in duck and canvas of all grades. They expect before long to establish a factory here. They ront tents, and can furnish one for a week or a thousand for a year, and they make everything from a butcher's apron to a circus tent. They have furnished all tents used at annual encampments of the West Virginia militia, and have the contract to do so again this year.
